Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), applicants bring to the Examiner's attention the documents listed on attached Form PTO-1449. Copies of the listed documents are attached. Applicants respectfully request that the Examiner consider the documents listed on attached Form PTO-1449 and indicate that they were considered by making an appropriate notation on this form.

Applicants would also like to point out to the Examiner the following pending application:

(1) U.S. Patent Application Serial No. 09/345,758, may be related to the present application.

This Information Disclosure Statement is being filed with the above-referenced application.

The following is a concise statement of relevance of the non-English language document:

1. Japanese Patent Application No. 2000-21732, discloses a method of examining an exposure tool. The light emitted from the light source is projected on a reticle including a grating pattern, the diffracted light of the first order or higher passed through the reticle illuminates the outer edge of the pupil of the projection optical system and the pattern image on the reticle is projected on a wafer in the defocus state.

In lieu of a statement of relevance or translation of the listed non-English language document, an English-language abstract of the document setting forth the relevance is also enclosed.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.
